The album was produced by Mr Dan Roe and our own Mr Darren Ford. It was mixed by Mr Gareth Parton and mastered by Lowgold legend Mr Tony Lash.

The artwork (as always with us) is rather lovely. The delightful chap who has put it all together is Mr Richard Bull from Yacht Associates. We owe him enormously and bestow much love and gratitude on him. He is a Lowgold legend. The cover photo was [paper help](http://paper-help.us/) taken <https://paper-help.us/> Rick Guest. Again we thank him for his help and understanding. The city in the photo is Caracas, Venezuela. Our band photos were taken by a glorious Swedish prince called Jon Bergman.

Promise Lands is dedicated to the memory of Lowgold legend, Mr Martin Gilks.
